

# ICON Case Study

**The client's existing workstations were dated and causing problems recruiting talented employees; they needed a high density system with a clean and modern look. With a 2-week timeline, we took them into AMQ's showroom and the answer was unanimous. The client was extremely happy we were able to meet not only their timeline but also provide them with a system that fit their needs."**

– Chris Cicisly, Senior Account Manager VANGARD CONCEPT OFFICES

## Project Details

Product	ICON
Quantity	208
Frame	Platinum
